On Friday February 21, 2014, the contractor will be collecting data for the future repair of the dip in the pavement on southbound 12<sup>th</sup> Avenue NE. The outside southbound lane of 12<sup>th</sup> Avenue NE will be temporarily closed during the day to allow for construction equipment into the roadway. The lane closure will begin after 9:00 a.m. and should be reopened before 4:00 p.m. Signs will be placed accordingly to direct the traveling public.

The Robinson Street and 12<sup>th</sup> Avenue Intersection Project is a \$2.2 million street improvement project. When this project is complete, the intersection will be widened to provide dual left turn lanes for northbound and southbound traffic, an exclusive right turn lane for eastbound traffic, and a reconstructed east leg of the intersection, with new sidewalks along the north side of Robinson Street, between 12<sup>th</sup> Avenue NE and Northcliff Avenue. The Oklahoma Department of Transportation is administering the construction of the project on behalf of the City of Norman. The prime contractor is Markwell Paving Company of Oklahoma City.

Additional questions may be directed to Mr. Josh Malwick, City of Norman Capital Projects Engineer, at (405) 366-5454.
